## The latest news and items for the RMHENC & RMHVMC

### What's Happening?

One of our biggest accomplishments is the opening of all 6 family overnight bedrooms inside the James and Connie Maynard Children's Hospital at Vidant Medical Center. We are fully operating 2 bedrooms outside of the KISU unit and 4 at the NICU in addition to our Family Room.

These bedrooms are located just steps away from the child's unit and are intended for those families who don't feel comfortable leaving the 4 walls of the hospital. We are so excited to have these rooms up and running and to provide even more comfort and care to those families who need it most!

### A Word from our Families

"We have everything we need here to feel like we're at home, with the addition of a whole staff that will go above and beyond to make us feel like we're in our own home... This house is by far our lifesaver during this time."

-The McArthur Family

"I think this has helped her tremendously, both physically and developmentally. Our older children were also able to come visit and stay at Ronald McDonald House. It gave us a sense of normalcy that we thought we'd lost."

-The Preswood Family

"It's kind of a 'survivor club' where you get genuine support from people who care. Thanks for all you do to help each and every family."

- The Armstead Family

Golf Tournament

### Get Involved

Volunteers truly are the heart of our organization. Whether it's collecting Wish List items, preparing dinner for our families or helping with fundraisers, we couldn't provide all we do for our families without help from our community. Find out more about getting involved at one or both of our Ronald McDonald Houses.
